About company

Ecospace Infrastructures Private Limited (EIPL) aims for quality engineering planning, design & project management consultancy services organization. We are in the market since a decade, the team of experts associated, offers years of comprehensive project experience having worked in many organizations in various capacities.

Vision

To become India's leading and trusted Engineering & Project Management consultant, partnering with clients to develop high quality Indian infrastructure development within time and budget.

Mission

To provide value creation for Infrastructure development through our Engineering, Project Management Consultancy and other services.

OUR SERVICES

01 PRE-BID SERVICES

We are rendering assistance for procurement of work-orders for construction companies, through our value based.

02 DETAILED DESIGN ENGINEERING

We offer comprehensive design solutions across various sectors of infrastructure. Whatever the infra sectors, be it transportation, Water, Industrial & Commercial infrastructure, Urban development, Special Structures... Our dynamic engineers and technical experts deliver solution.

03 REVIEW ENGINEERING

Typically, the work involves reviewing design documentation, carrying out some check design calculations, liaising with the design engineers, agreeing on a resolution or acceptance of information received.

04 PROJECT MANAGEMENT CONSULTANCY

We deliver the below tasks as a Project Management Consultant from Initiation, Planning, Execution, Monitoring & Control until Project Closure:

“You can design and create, and build the most wonderful place in the world. But it takes people to make the dream a reality.” -Walt Disney

MEET THE TEAM

Our team strength is about 40 nos. and increasing, which consists of 20 Engineers , 20 CADD Engineers and Drafters and support staff. Our team is also having SME(Subject Matter Experts) with 35+ years of working experience from all sectors in Infrastructure. Our dedicated team is capable of handling with ease, diverse nature of civil engineering design & construction problems.

V P Pandey

39+ Years of Experience with IRCON International, KEC, Tata Projects. Specialization in all infrastructure projects and Contracts & Claim Management

V. Shekar

35+ Years of experience with VSL, BBR Conceptualization & Design. Road/Rail/Metro Elevated Structures Specialization casting and erection scheme of Pre-Cast Segments.

Atul Sachan

Graduate from IIT Roorke, 18+ Years of experience Conceptualization & Design of Road Structure & Underground Metro

Ganesh Patel

Graduate from IIT Kanpur 16+ Years of experience Power plant/ Metro/ Industrial structure

Abhay Singh

Graduate from BIT Sindri with 15+ Years of experience Structure Engineer

AVINASH KUMAR

(Director)

Graduate from IIT Kanpur 20+ Years of experience Conceptualization & Design of Road/Rail/Metro Elevated & Underground Structures

DIRECTOR & CO-FOUNDER DESK

We sincerely appreciate all our clients/professional for visiting our Brochure, and thank you for taking the time to learn about Ecospace Infrastructures Private Limited ("EIPL").

We have incorporated our company in 2011 when we had mission To help our Clients to achieve their business objectives by providing innovative, best-in-class design and project management consulting and services.

We knew that with every Project we Complete, we would be building a name. With every new project we would be building something that we hold very dear to ourselves: Our reputation.

Build not with bricks, mortar, steel, or glass but with values that add worth. Build with uncompromising quality that keeps the worth of your investment high as time goes by Keep promises and deliver on time.

It is because of this that we have partnered with some of the leading names in Construction and Power Plant Industry. It's why we have endeavoured to bring you not just the highest standards but new benchmarks in the industry.

We strongly believe in providing perfect service to our customers.
